

INDEX.

INDEX.

- ACCURATE MEASUREMENTS OF SURFACE TENSION. 50.
- Additional list of host plants, 153.
- Additions to the fish fauna of Wabash County, 68.
- Alternate current transformer with condenser in one or both circuits, 50.
- Alumina oxyhydrate, an interesting deposit of, 43.
- Ammonia, action of upon dextrose, 51.
- Amoeba, the, some notes on, 131.
- Andrews, Frank M., 131.
- Angling in the St. Lawrence and Lake Ontario, 81.
- Animal parasites collected in the state during the year, 80.
- Anthropology: the study of man, 33.
- Apparatus, new, for vegetable physiology, 62.
- Aromatic chlorides, certain, action of potassium sulphhydrate upon, 52.
- Arthur, J. C., 62, 138.
- Ash, the blue, range of, 107.
- BALL, T. H., 54.
- Ballard, H. H., 51.
- Batrachians and reptiles of Wabash County, 80.
- Benton, G. W., 43.
- Bigney, A. J., 131, 135.
- Biological station, a new, and its aim, 34.
- Birds of Brown County, preliminary list of, 68.
- Birds of 1894, notes on, 73.
- Birds observed in the Sawtooth Mountains, 80.
- Birds of Wabash County, 80.
- Bitting, A. W., 80.
- Blatchley, W. S., 68.
- Blind animals of Mammoth cave, some notes on, 81.
- Blood corpuscles of very young human embryo, 135.
- Botanical division of State Biological Survey, report of progress, 66.
- Botany, a proposed new systematic of N. A., 133.
- Brammer, J. C., 54.
- Bread, salt-rising, 126.
- Brown, Charles C., 40.
- Brown County, preliminary list of birds of, 68.
- Bryan, W. L., 42.
- Buckeye canoe of 1840, 130.
- Burial Mound in Randolph County, 46.
- Butler, Amos W., 33, 73, 81.
- By-laws of Indiana Academy of Science, 10.
- CALL, R. ELLSWORTH, 57, 58, 80, 139, 140.
- Campbell, J. L., 39, 47.
- Camphoric acid, 52.
- Cell structure of Cyanophyceae, 133.
- Century plant, the sugar of, 51.
- Certain chemical features in the seeds of *Plantago Virginiana and Patagonica*, 121.
- Chemistry, some new laboratory appliances in, 51.
- Cincinnati limestone, wave marks on, 53.
- Collection of plants made during year near Crawfordsville, 65.
- Committees of Indiana Academy of Science, 7.
- Constitution of Indiana Academy of Science, 9.
- Correlation of Silurian sections in eastern Indiana, 54.
- Coulter, Stanley, 66, 103, 120.
- Cunningham, Alida M., 67, 121.
- Cupuliferae, the embryology of, 135.
- Cyanophyceae, cell structure of, 133.
- Cyces, the stomates of, 130.
- Cymatogaster, development of sexual organs of, 138.
- Cypripedium, poisonous influence of some species of, 136.
- DENNIS, D. W., 135.
- Development of *Etheostoma caeruleum*, preliminary account of, 135.

Development of sexual organs of *Cymatogaster*, 138.

Dextrose, action of ammonia upon, 51.

Dip of the Keokuk rocks at Bloomington, 52.

Distribution of *Gleditschia triacanthos* and other trees, some facts in, 27.

EIGENMANN, C. H., 34, 87, 138.

Elastic fatigue of wires, 50.

Electric current, does high tension of destroy life? 39.

Elrod, M. N., 138.

Embryo human, blood corpuscles of, 135.

Embryo-sac of *Jeffersonia diphylla*, 131.

Embryology of the Cupuliferae, 135.

Embryology of the frog, 135.

Embryology of the Ranunculaceae, 121.

Etheostoma Carolinum, preliminary account of development of, 135.

Etheostoma, variation in, 135.

Evermann, B. W., 80, 81, 99, 103.

Extinct fauna of Lake County, 54.

FELLOWS, HONORARY, 11.

Fellows, list of, 11.

Ferrie bromide, action of zinc ethyl on, 51.

Ferrie chloride, action of zinc ethyl on, 51.

Field meeting of Ind. Acad. Sci., 1895, 16.

Fish fauna of Wabash County, additions to, 68.

Fishes, mimicry in, 86.

Flora of Hamilton and Marion Counties, 156.

Florida, shell mound, 48.

Florideae the, notes on, 127.

Flowering plants of Wabash County, 60.

Fossils, some new Indiana, 54.

Foley, A. L., 50.

Franklin County, the swamps of, 58.

Frog, the embryology of, 135.

Functions of Spinal Cord from Clinical Study, 35.

GAME AND FISH, propagation and protection of, 33.

Gaseous medium, effect of on the electrochemical equivalent of metals, 50.

Glacial drift of Jasper County, observations on, 43.

Gleditschia triacanthos and other trees, some facts in distribution of, 27.

Glick, U. F., 48.

Golden, Katherine E., 61, 126.

Goss, Wm. F. M., 39.

Gray, Thomas, 50.

HAMILTON COUNTY, Flora of, 156.

Hancock, E. H., 120.

Herb plants, additional list of, 153.

Hoy's white fish, or moon-eye, rediscovery of, 103.

Huston, H. A., 51, 52.

IDAHO LAKES, The red fish of, 99.

Indiana mammals, 81.

Indigenous plants, water cultures of, 60.

Infiltrating and Staining *in toto* of heads of *Vernonia*, method of, 120.

JASPER COUNTY, observations on glacial drift, 43.

Jeffersonia diphylla, embryo-sac of, 131.

Jenkins, J. N., 66.

Jones, Walter, 52.

KEOKUK ROCKS, dip of, at Bloomington, 52.

Kindle, Edward M., 49, 52, 54, 68.

LABORATORY BOTANICAL, working shelves for, 61.

Lake County, extinct fauna of, 54.

Lake Ontario, angling in, 81.

Lavoisier, 17.

Law concerning publication of proceedings, 4.

Leuciscus, variation in, 87.

Life, does high tension of electric current destroy, 39.

List of Additions to State Flora, 147.

Lotz, Dumont, 51.

MACDOUGAL, D. T., 60, 130, 136.

Mammals of Indiana, 81.

Mammoth cave, some notes on blind animals of, 80.

Marion County, Flora of, 156.

Marsters, V. F., 54.

Martin, Geo. W., 127, 133.

Mass and molecular motion, 138.

Means, J. H., Structural Geologic Work of in Arkansas, 54.

Measurement of strains induced in plant curvatures, 130.

Mees, C. Leo, 50.

Meeting, 1895, Field, 16.

Meeting, Tenth Annual of Ind. Acad. Sci., 16.

Members, active, list of, 12.

Metals, effect of the gaseous medium on the electrochemical equivalent of, 50.

Mimicry in fishes, 86.

Moenkhaus, W. J., 86, 135.

Moore, Joseph, 46.

Mottier, D. M., 121, 135.

Mound burial, in Randolph County, 46.

- NEWLIN, C. E., 54.
 Notes on the amoeba, 131.
 Notes on previously described cryptogams, 151.
 Noteworthy Indiana Phanerogams, 120.
 Notes on the Reptilian fauna of Vigo County, 68.
 Note on rock flexure, 49.
 Noyes, W. A., 17, 51, 52.
- OBSERVATIONS UPON SOME OKLAHOMA PLANTS, 100.
 Occurrence of the whistling swan in Wabash County, 80.
 Officers, past, of Indiana Academy of Science, 8.
 Officers, present, of Indiana Academy of Science, 6.
 Olive, E. W., 100, 130.
- PARASITES, ANIMAL, collected in state during the year, 80.
 Parasitic fungi, distributed by State Biol. Sur Series I, 154.
 Pear disease, an increasing Indiana, 67.
 Phanerogamic flora of the state, revision of, 65.
 Phosphate, a new, 72.
 Phosphorus in steel, volumetric determination of, 51.
 Plants collected near Crawfordsville during the year, 65.
 Plant curvatures, measurement of strains induced in, 130.
 Plant products of the U. S. Pharmacopoeia (1890), 108.
Plantago, value of seed characters in determining specific rank, 67.
Plantago Virginiana and *Patagonica*, certain chemical features of seeds of, 121.
 Pogonia, root system of, 123.
 Poisonous influences of some species of *Cypridium*, 136.
Polyporus Lucidus, variations of, 132.
 Potassium sulfhydrate, action of upon certain aromatic chlorides, 52.
 Preliminary list of birds of Brown County, 68.
 President, address of, 17.
 Proceedings, law concerning publication of, 4.
 Propagation and protection of game and fish, 33.
 Proposed new systematic botany of N. A., 133.
- Psychological laboratory of Indiana University, 42.
 Purdue, A. H., 43.
 Purdue engineering laboratory since the restoration, 39.
- RANDOLPH COUNTY, recently opened burial mound, 46.
 Range of the blue ash, 197.
 Ranunculaceae, embryology of, 121.
 Rediscovery of Hoy's white fish, or moon-eye, 103.
 Red-fish, the, of Idaho lakes, 99.
 Report of progress of botanical division of state biological survey, 144.
 Reptiles and batrachians of Wabash County, 80.
 Reptilian fauna of Vigo County, notes on, 68.
 Reversal of current in the Tepler-Holtz electrical machine, 47.
 Revision of the phanerogamic flora of the State, 66.
 Rivers, method of determining sewage pollution of, 40.
 Rock flexure, notes on, 49.
 Root system of Pogonia, 123.
 Royse, J. S., 51.
- SALT-RISING BREAD, 126.
 Sawtooth Mountains, birds observed in, 80.
 Saxifragaceae of Indiana, 103.
 Scheuch, F. C., 52.
 Scovel, J. T., 80, 99.
 Seed characters, value of in determining specific rank in genus *Plantago*, 67.
 Seeds of *Plantago Virginiana* and *Patagonica*, certain chemical features of, 121.
 Sewage pollution of rivers, method of determining, 40.
 Sexual organs, development of in *Cymatogaster*, 138.
 Shannon, W. P., 53, 107, 130.
 Sharp, I. W., 33.
 Shell mound, a Florida, 48.
 Silurian sections in eastern Indiana, correlation of, 54.
 Some new Indiana Fossils, 54.
 Some new laboratory appliances in chemistry, 51.
 Spinal cord, functions of from clinical study, 35.
 St. Lawrence, the, angling in, 81.
 Staining *in toto* of heads of vernonia, method of, 120.

- State biological survey, report of progress of botanical division, 66.
 State flora, list of additions to, 147.
 Station biological, a new and its aim, 34.
 Stomates of *Cycas*, 130.
 Stone, W. E., 51.
 Stoops, H. M., 58.
 Strains induced in plant curvatures, measurement of, 130.
 Strepomatidae of the Falls of the Ohio, 58, 140.
 Structural geologic work of J. H. Means in Arkansas, 54.
 Sugar of the century plant, 51.
 Surface tension, accurate measurement of, 50.
 Surface, warped of universal elliptic eccentricity, 50.
 Swamps of Franklin County, 58.
 Synonymy of Ohio River Unionidae, 57.
 Systematic botany, proposed new of N. A., 133.
- TALBERT, G. A., 35.
 Tenth annual meeting Ind. Acad. Sci., 16.
 Thomas, M. B., 65, 123.
 Toepfer-Holtz electrical machine, reversal of current in, 47.
- ULREY, A. B., 66, 80, 135.
 Underwood, Lucien M., 66, 67, 132, 133, 144.
 Unionidae, of Ohio River, 139.
- VALUE OF SEED CHARACTERS in determining specific rank in the genus *Plantago*, 67.
 Variation in *Etheostoma*, 135.
 Variation in *Leuciscus*, 87.
- Variations of *Polyporus Lacidus*, 132.
 Vegetable physiology, new apparatus for, 62.
 Vegetation house as an aid in research, 138.
 Vernonia, heads of, methods of infiltrating and staining, *in toto*, 120.
 Vigo County, notes on the reptilian fauna of, 68.
 Volumetric determination of phosphorus in steel, 51.
- WABASH COUNTY, additions to fish fauna of, 68.
 Wabash County, bathracians and reptiles of, 80.
 Wabash County, birds of, 80.
 Wabash County, the flowering plants of, 66.
 Wabash County, occurrence of whistling swan in, 80.
 Waldo, C. A., 50.
 Walker, Ernest, 27.
 Wallace, W. O., 68, 80.
 Warped surface of universal elliptic eccentricity, 50.
 Water cultures of indigenous plants, 60.
 Wave marks on Cincinnati limestone, 53.
 Whistling swan, occurrence of in Wabash County, 80.
 Wilson, Guy, 156.
 Wires, elastic fatigue of, 50.
 Working shelves for botanical laboratory, 61.
 Wright, John S., 108.
- ZINC ETHYL, action of on ferric bromide and ferric chloride, 51.
