Indianapolis, January 21, 1878.

To the Mayor and Common Council:

Gentlemen:—Not having recovered fully from my serious illness of last summer, I am compelled to yield to the advice of my physician, and seek complete rest for a few weeks, by abstaining from business.

To this end I would most respectfully request a leave of absence for the period of two months.

In making this application, I desire to express my intention of covering into the treasury the amount of salary that may become due during the period of my absence—a simple duty (as I regard it) it is presumed I will be permitted to execute.

Very respectfully,

BERNHARD H. DEITZ, City Civil Engineer.

The City Clerk submitted the following report; which was duly concurred in:

Indianapolis, January 21, 1878.

To the Mayor and Common Council:

Indianapolis, January 21, 1878.

To the Mayor and Common Council:

Gentlemen:—I would respectfully report that, according to your instructions, I prepared duplicate copies of the preamble and resolutions adopted by your honorable body on the 7th day of January, 1878, in relation to the Citizens' Street Railway Company, and served one of said copies on Charles F. Johnson, president of said company, on the 12th day of January, 1878; which copy, and return of service on the same, is on file in my office.

Respectfully submitted,

BENJ. C. WRIGHT, City Clerk.

The same officer presented the following communication; which was received:

Indianapolis, January 15, 1878.

B. C. Wright, Esq., City Clerk:

Dear Sir:—Your notice this day received, notifying the Water-Works Company to repair the ditch made for water pipe at the intersection of Seventh street and College avenue. To which I reply that the ditch referred to was made by the plumber, in putting in the public drinking fountain at that point, who is the proper party to repair it.

The plumbers, in putting in service-pipe, do so under authority of permits issued by the City Clerk, and this company is in no way responsible for the condition they are left.

Any repairs in lines of pipe laid by this company will be promptly made, on notice from the Council or any officer of the city.

Very respectfully,

JOHN R. ELDER, Pres't Water-Works Co.

The City Attorney submitted the following report; which was received:

Indianapolis, January 21, 1878.

To the Mayor and Members of the Common Council of the City of Indianapolis:

Gentlemen:—I would report that, since your last meeting, the case of John M. Gaston vs. The City has been decided, by the Supreme Court, adversely to the city. In November, 1874, Gaston recovered judgment against the city.

\$8,500, for damages, on account of injuries received by him, occasioned by his falling over a stump in Pennsylvania street sidewalk. The case was appealed by the city, and the Suprefie Court affirmed the judgment. The plaintiff would, therefore, be entitled to \$8,500, with six per cent interest from November 30th, 1874.

Respectfully submitted,

R. O. HAWKINS, City Attorney.

The Committee on Bridges and City Civil Engineer, through Councilman Morse, submitted the following report; which was concurred in:

Indianapolis, January 21, 1878.

To the Mayor and Common Council:

Gentlemen:—Your committee and the City Civil Engineer, to whom was referred the matter of locating places of storage for the Delaware street viaduct, would respectfully report that, in order to make the material available when ordered into use, we have selected the following places of storage:

Vermont street, Walnut street, St. Clair street, and Fifth street, where said streets cross the canal.

Wilkins, Ohio, and Hanna streets, where they cross Pogue's Run.

Sufficient portions for bridge purposes to be stored at the points mentioned, and balance stored in Street Commissioner's yard.

Respectfully submitted,

T. J. MORSE,
MARTIN McGINTY,
WM. M. COCHRAN,
Committee on Bridges.
BERNHARD H. DIETZ,
City Civil Engineer.

The Committee on Finance, through Councilman A. L. Wright, submitted the following report; which was considered and duly concurred in by clauses:

To the Mayor and Common Council of the City of Indianapolis:

Gentlemen: —Your Committee on Finance, to whom were referred papers, report on the following:

1st. We herewith return the reports of the City Treasurer and City Clerk, for November and December, 1877.

We have examined the same, and find them correct.

2d. We herewith return the report of W. H. Davis, Superintendent of the City Hospital, and recommend that it be referred to the Hospital Board, for examination.

3d. Is the petition of Emily Birchard, asking the city to refund to her \$35, taxes paid by her, through mistake, on lot 23, in square 2, Martindale's South Addition.

The petitioner formerly owned this lot, and it remained in her name upon the tax duplicate. The payment prevented the lot from being returned delinquent at the time the law directs, and would prevent the city from enforcing the collection of the taxes by sale or otherwise. We recommend the prayer of the petitioner be not granted.

4th. We recommend that the petitions of Sallie A. Norris, Hannah Kay, Eliza Cussin, Elizabeth Hennessey, Mary E. Johnson, Nancy A. Hawthorn, and Mary M. Slaughter, for the refunding of taxes under the law known as the Widows' Exemption Law, be referred to the Committee on Judiciary and City Attorney.

Respectfully submitted,

A. L. WRIGHT,
N. S. BYRAM,
J. THOMAS,
J. B. DILL,
MARTIN McGINTY,
Committee on Finance.

The Committee on Railroads, through Councilman Case, submitted the following report; and the recommendations, therein contained, were duly concurred in:

To the Mayor and Common Council:

Gentlemen:—Your committee, to whom was referred the motion of Councilman Reading, to notify the Union Railway Company to bowlder or plank between their tracks, would recommend the same be planked.

Also (the same as above), that Glazier & Morris plank or bowlder between their tracks.

Your committee recommend the same be bowldered.

Also, if the same is not done in ten days, the Street Commissioner be instructed to do the same, and collect the amount from the above parties.

J. L CASE,
M. STEINHAUER,
A. L WRIGHT,
Committee on Railroads.

The Committee on Streets and Alleys, through Councilman Watts, submitted the following report; which was considered and duly concurred in by clauses:

To the Mayor and Common Council:

Gentlemen: —Your Committee on Streets and Alleys, to whom sundry papers were referred, would report on the following:

FIRST. We would recommend that the following work be done by the Street Commissioner:

- 1. Fill the chuck-holes in North street, from Indiana avenue to Douglass street, at an expense not exceeding twenty five dollars.

- 4. Construct the following foot-crossings, of rolling mill cinders: Over Shelby street, from southeast corner of Shelby and Prospect streets to northwest corner of Coburn street and Virginia avenue.

Over Home avenue, on line with east sidewalk of Central avenue.

Over Central avenue, on line with north sidewalk of Home avenue.

Over Seventh street, on line with east sidewalk of Central avenue.

Over Central avenue, on line with north sidewalk of Christian avenue.

Over College avenue, on line with south sidewalk of Lincoln avenue.

Over College avenue, on line with north sidewalk of Butler street.

SECOND. We recommend that the filling of chuck-holes in Mississippi street, from Washington to North street, be postponed until next spring, on account of the length of the line of the proposed repair, and because the permanency of the work would be questionable if attempted this season.

JAS. E. WATTS, JAMES T. LAYMAN, GEO. P. WOOD,

We, therefore, recommend that the following resolution be adopted:

Resolved, That the petition praying for the vacation of Kingan street, from West street to White River, and the matter appertaining thereto, be referred to the City Commissioners, with instructions to assess benefits to any persons thereby benefitted. REPORTS FROM SELECT COMMITTEES.

The select committee on the N. Illinois street sewer matter, submitted the following report:

Indianapolis, January 21, 1878.

To the Mayor and Members of the Common Council of the City of Indianapolis:

Gentlemen:—Your special committee, together with the City Attorney, to whom was referred the petition of property owners on N. Illinois street, asking to be relieved from the sewer assessment upon their property, would report that we have had the matter under advisement, and have heard arguments in behalf of the petitioners by their attorneys.

We find the following to be the facts: The Council, in March, 1872, passed an ordinance providing for the construction of the N. Illinois street sewer, from Kentucky avenue to Second street, and provided for an assessment of \$1.50 per foot upon the lots on each side of the street, as the amount of benefits that should be paid towards the construction of the sewer by the property owners. That the matter was before the Council some length of time before the ordinance was passed. That no petition asking for the sewer was ever presented by the property owners, and no remonstrance against the

building of it was ever presented. That the ordinance was passed by a vote of 15 in the affirmative and 3 in the negative. That both of the Councilmen representing the ward in which the sewer was to be built voted for the passage of the ordinance. That the total cost of the sewer was about \$43,629.68. That the amount assessed against the property owners was about \$13,000; of which there has been paid about \$3,162.15. The whole cost of the sewer was paid to the contractor by the city, and the ordinance provided that the assessment against the property should be placed upon the tax duplicate, and be collected as other taxes.

After the sewer had been constructed, the property owners, or a large majority of them, commenced suit against the city, and procured an injunction against the city, restraining the collection of the assessment until the final hearing and determination of the case. This suit was instituted in the spring of 1873, and was finally decided in favor of the city, in the Circuit Court, in November, 1877. The assessments that had not been paid then became collectable, with six per cent. interest from March, 1873.

Your committee are of the opinion that the city is legally entitled to collect the amounts due; that the City Council had the power to make the assessment; and that, under the decisions of the Supreme Court, their action could not be reviewed or changed by any court; and that, after the improvement or work has been done, the property owner can not relieve himself of the assessment by suit, after having stood by and seen the city expending money and constructing the sewer upon the faith of the assessment.

It is claimed by the petitioners that the assessment was grossly inequitable and unjust, and that, as a matter of equity, they should be relieved. The assessment was made by a former Council; and while there might be a great difference between their views and judgment and those of your committee as to what the benefits to property owners were, we do not think it advisable for the present Council to undertake to review their action and change the assessment, for the reason that many other sewers have been built since then, and assessments of benefits made by former bodies and collected by the city from the property owners; and, if the precedent were established, this body might be called upon to review the action of the City Council in every case.

The following sewers have been built by the city and partially at the expense of the property owners (that is, by an assessment of \$1.50 per foot front on each side), to wit: Second street, from Meridian to Pennsylvania street; Missouri street, from Market street to Kentucky avenue; Pennsylvania street, from Ohio to Washington street; E. Court street, between Delaware and Pennsylvania streets; W. Court street, from Pennsylvania to Illinois street, and from first alley east of California street to Missouri street; Market street, from Circle to Pennsylvania street; Virginia avenue, from Washington to Maryland street; Maryland street, from Illinois street to Kentucky avenue; Madison avenue, from Yeiser street to Ray street (the property owners on the line of this sewer were subsequently relieved by the Common Council); Georgia street, from first alley east of Meridian street to Illinois street; Washington

street, from Pennsylvania to Illinois street; Pennsylvania street, from Washington to Maryland street; Massachusetts avenue, from Alabama to Pennsylvania street; Illinois street, from Washington to Second street; S. Illinois street, from Washington to South street.

The following sewers have been built entirely at the expense of the city, most of them being cement pipe and only used for surface drainage, and not built in such a manner as to allow house connections to be made with them, and many of them emptying into Pogue's Run: The Kentucky avenue sewer, from Washington street to White River, and the South Street sewer, from Noble street to the intersection of Kentucky avenue, were built entirely by the city, and at her expense, for main sewers, and were large enough to carry off all of the drainage of the city. The other sewers built entirely at the expense of the city, are as follows: Fletcher avenue, from Dillon to Noble street; E. Ohio street; E. Market street; Pine street, from Virginia avenue to Fletcher avenue; State street; Shelby street, from Prospect street to Pleasant Run; Ray street, from Delaware street to Pogue's Run; Seventh street; St. Clair street, from Railroad to Peru street; Archer street; and Sanders street.

If the prayer of the petition is granted, the city will not only lose the amount now due on these assessments, but she would be in duty bound to refund, out of the treasury, all money that has been paid by the property owners, being about \$3,162.15.

Your committee are therefore of the opinion that the prayer of the petition should not be granted. But would recommend that, in all cases where the parties pay their assessments before the 11th day of February, 1878 (that being the date of the commencement of tax-sales), that the City Treasurer be instructed to accept the amount of the original assessment of \$1.50 per foot front, without any interest, in full of the assessment; and that in all cases where parties have paid their assessment with interest, that he refund the interest, when called upon to do so by the parties; and, in all cases where such payment is not made by said date, that he proceed to collect the same by sale of the property. This arrangement will relieve the parties who desire to pay their assessments of about five years interest, at six per cent. per annum, or, in all, about thirty per cent.

Respectfully submitted,

N. S. BYRAM,
J. W. BUGBEE,
G. SINDLINGER, Committee.

Your petitioner, Eliza J. Childers, guardian of Margaret A. Childers, says that she is the widow of John P. Childers, deceased.

Childers was assigned and set off to her the following described real estate, in the City of Indianapolis, Indiana, to wit: Beginning at the northwest corner of lot No. 141; thence, southeastwardly, one hundred and two feet and three inches, to the northeast corner of lot No. 142; thence, southwestwardly, with the line of said lot, forty feet and five inches; thence, northwestwardly, at right angles

Said Margaret A. Childers is a female minor, whose father is deceased and whose property is valued at less than one thousand dollars, and, by law, she is exempted from taxation, each year, to the amount of five hundred dollars (1 Revised Statutes 1876, page 72, under section 7th of "An Act to provide for a uniform assessment of property, and for the collection and return of taxes thereon," approved December 21st, 1872; said Act containing an emergency clause, to take effect from and after its passage.)

Councilman Layman presented the following petition; which was referred to the Committee on Benevolence and Hospitals:

Indianapolis, January 19, 1878.

To the Mayor, His Honor, and the City Council:

We, the undersigned women, and Board of Managers of the Young Women's Boarding House, do petition your honorable body to hear and favor our plea for an appropriation in our behalf.

Provision has been made for the spiritual and temporal welfare of the young men of the city, by means of libraries, reading rooms, etc.—thousands of dollars are expended each year for these purposes, and are counted as good investments; while there are hundreds of young women in the city, the majority of whom are struggling for a livelihood, on meagre salaries, amid discouragements, temptations, and physical sufferings, the very thought of which makes one's heart ache. The average wages of such are only one-third as great as those of men in the same relative positions. Their necessary expenses are one third more than those of the other sex; while ill health and inclement weather decreases their working days. Their boarding places are poorer, and the prices charged them one-third higher.

We have endeavored for a year and a half past to supply some of these deficiencies, by providing a house where industrious young women, bringing testimonials as to good character, can have the comforts and something of the protective influences of a real home, for a sum within their means to pay.

The mission poor is reached by our "charities," but no systematic effort has been previously made to extend christian kindness, in its broadest sense, to the multitude of self supporting young women. Homes of this kind have been established in nearly every other city in the Union, and are the means of accomplishing a great amount of good, saving hundreds of young girls from entering into lives of sin and shame.

Our means, however, are very limited, and we feel that we are being burdened more than we are able to bear, unless aid is extended to us. We have calls upon us, nearly every day, for assistance which we are unable to give,

and we feel that we shall be obliged to discontinue the work, unless we can receive assistance ourselves. We would, therefore, present to your notice this petition, praying you to grant us such an appropriation as you may deem fit and proper.

For any further information you may desire, we would refer you to Mrs. E. S. DuBois, matron, or Mrs. Dr. Harvey, president of the board.

Respectfully,

Mrs. Delitha B. Harvey, Mrs. R. R. Parker, Mrs. Lewis Jordan, Mrs. Rachel Johnson, Mrs. H. Parrott, Mrs. M. N. Walker, Mrs. C. A. Heath, Pamelia A. Guild, Mrs. Martha N. McKay, Mrs. E. S. DuBois.

Moved, That, until the first meeting in M*y, the Common Council shall be called to order at the hour of seven o'clock P. M.

Whereas, It is of general rumor, and almost universally believed, that the Citizens' Gas Company has violated its contract with the city, in disposing of its stock to the old company, known as the Indianapolis Gas-Light & Coke Company, so that the latter company is virtually the controller of the Citizens' Gas Company, contrary to the ordinance under which said company was organized; It is hereby

Resolved, That a committee of three be appointed by the chair, to investigate into the alleged sale of stock of the Citizens' Gas Company to the old gas company aforesaid, and to discover, if possible, whether or not the old company has virtually control of the new company.

Which was adopted by the following vote:

Affirmative—Councilmen Bagby, Brown, Bugbee, Byram, Case, Cochran, Dill, Izor, Layman, Marsee, Morse, McGinty, Reading, Reed, Sindlinger, Steinhauer, Stoner, Tucker, Walker, Watts, Wood, A. L. Wright, and W. G. Wright—23.
