INTRODUCTION OF SPECIAL ORDINANCES

By Councilman Deluse:

SPECIAL ORDINANCE NO. 9, 1963

AN ORDINANCE declaring the terms and conditions under which the Indianapolis Water Company shall be authorized to use the streets, alleys and public places and areas of the City of Indianapolis in accordance with Section 110 of the Public Service Commission Act of the State of Indiana.

BE IT ORDAINED BY THE COMMON COUNCIL
OF THE CITY OF INDIANAPOLIS, INDIANA:

Section 1. The Indianapolis Water Company for a century or so of time has flourished and one of the reasons for its progress has been the financial contribution of the City of Indianapolis as its largest or one of its larger customers. But the direct monetary contribution by said utility to the City of Indianapolis for the valuable right to use the public streets and public areas has been most meager and insignificant.

Section 2. That the City is now in financial stringency and must look to all sources to relieve the general property tax load and must in fairness recover the value of all special public privileges and benefits conferred on all who derive private profits therefrom, and particularly on those who derive an advantage from the unfettered use of the right of way in city streets, alleys and public areas.

Section 3. It is accordingly declared by the Common Council in accordance with Section 110 of the Public Service Commission Act that the condition under which the Indianapolis Water Company shall be authorized to use the streets, alleys, public ways and public areas of the City of Indianapolis to lay, install, maintain and remove its water mains, its fittings and connections and other accessory uses in that such Utility shall be required to recognize that there shall be deemed to be conferred upon such utility a benefit equal to the value of the fire protection afforded to said City as reflected in the rate schedule cost per annum of each water hydrant now installed in said City in accordance with the rate schedule for the same on file with the Public Service Commission of the State of Indiana.

Section 4. That upon the extension of City areas and upon the ensuing installation of additional fire hydrants the city in the year of the installation of such hydrants shall pay the scheduled annual rate for such hydrants now or hereafter on file in the said Public Service Commission, but thereafter the benefit of the use of extended City public areas to the Utility shall be deemed to equal the schedule cost of such service by said Utility for all years thereafter.

Section 5. The City Controller, to enforce the condition imposed upon said utility for the use of the city streets, alleys and public areas, shall upon submission of the Company's statement for water service, deduct hereafter the fire hydrant and fire protection charge of said Utility, effective, however, as of January 1, 1964.

Section 6. This ordinance shall be in full force and effect from

and after its passage and approval by the Mayor.

Which was read for the first time and referred to the Committee on Finance.

NEW BUSINESS

Mr. Deluse moved that the Council adopt the following Resolution No. 8, 1963:

RESOLUTION NO. 8, 1963

A RESOLUTION approving the leasing of the City Hall Building and site to the State of Indiana for a State Museum.

WHEREAS, this Common Council, under and pursuant to General Ordinance No. 73, 1962, authorized the sale or lease of the City Hall property but, under the provisions of Section 3, made the reservation that any permanent arrangement for the disposition of said City Hall property, would be subject to the final approval of this Council and,

WHEREAS, this Common Council of the City of Indianapolis, deems it to the best interest to the City of Indianapolis, that said City Hall be preserved in the character of a public building and its best use is that proposed by the State of Indiana, that it be used as a State Museum.

NOW, THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF INDIANAPOLIS, INDIANA:

Section 1. The following Lease is hereby approved and authorized and the same signed by the member of the Common Council of the City of Indianapolis.

LEASE AGREEMENT

This Lease dated this 17th day of June, 1963, between the City of Indianapolis, a Municipal corporation of the State of Indiana, herein referred to as the Lessor and the State of Indiana, herein referred to as the Lessee.

WITNESSETH

1. The Lessor does hereby lease and demise to the Lessee the following property, to-wit:

Lots 4, 5, 6, and 7 of Square No. 38 of the City of Indianapolis, Indiana, more particularly described as follows:

Beginning at the northwest corner of Alabama and Ohio Streets, running thence north along the west property line of Alabama Street a distance of 202 feet 6 inches to a point which is also the south line of Miami Street, thence west a distance of 135 feet to a point, thence south along a line parallel to line of Alabama Street, a distance of 202 feet 6 inches to the north line of Ohio Street, thence east 135 feet along the north line of Ohio Street to the place of beginning.

The building located on said real estate had been used as and for the offices of the municipal government of city of Indianapolis, and is known as the City Hall.

2. The sole purpose of this lease is to lease said premises for use as the Indiana State Museum which will be operated, maintained and supervised by the State of Indiana, through the Department or Board having duly designated or delegated authority and control. The various exhibits, equipment, supplies, displays and personal property which are now being used or stored in connection with the State Museum at other locations will be moved and transferred and housed in the leased premises. Additional exhibits, equipment, supplies, displays and personal property will be placed in and upon said premises for museum purposes from time to time at the Lessee's will and pleasure. Said museum shall always be open to the general public.

The premises shall be used for no other purpose.

3. The rental shall be one dollar (\$1.00) per year. The rental is established at this small amount because the State Museum will result in a great public benefit to the citizens of Indianapolis, and the Lessee shall be obligated to make many expenditures in the remodeling, redecorating and maintenance of said building and premises. It is understood by the parties hereto that these mutual benefits are of great value to the parties and form a part of the consideration of this lease agreement.

4. It is the wish of the parties hereto that the duration of this lease shall be for at least fifty (50) years. Inasmuch, however, as the State of Indiana is limited by law to entering a lease for four years only, the term of this lease shall be four (4) years. The Lessee shall have the right to renew this lease for twelve (12) additional four (4) year terms, upon the same terms as are expressed in this instrument, upon giving notice in writing of the Lessee's intention to renew at least 6 months in advance of the date of expiration of this lease.

5. If, by December 31, 1963, the Lessee has not appreciably advanced the proposed remodeling, alteration and redecoration program for a State Museum, the Lessor shall have the right, at its option, to cancel this lease.

6. The term of this lease shall commence as soon as the same has been executed, accepted and approved by the necessary officers of the Lessee. It is understood and agreed by the parties that the Lessee, in order to begin and continue its financial obligations under the terms of this lease, will need to rely upon State Budget Agency approval.

7. It is understood that an extensive remodeling, alteration and redecorating program shall be carried out and paid for by the Lessee prior to and during the occupancy and use of said building in order to make said building fully adaptable for use as a State Museum. It is agreed that a master or basic plan of such remodeling, alteration and redecorating, prepared by architects and engineers employed by the Lessee, shall be submitted to the Lessor, and approved by the Mayor and City Council of the City of Indianapolis in writing prior to the commencement of such project. Thereafter, proposed major additions, alterations or changes in the structural parts of the

improvements, including electrical or plumbing systems, shall require written approval of the Mayor of the City of Indianapolis. All minor additions, alterations or changes may be made without the necessity for such approval.

8. The purpose of this lease is to provide a State Museum for the citizens of the State of Indiana which will be operated on a high level or standard. The Lessee agrees to this purpose and agrees to use reasonable efforts to carry out this purpose and to keep and maintain said building and all its parts in a good condition and in a good state of repair at all times, and shall not permit any waste or damage upon the premises.

9. Lessee agrees to furnish adequate personnel and staff to properly operate and maintain said State Museum.

10. All fixtures, alterations, additions and improvements to the premises shall become a part thereof and belong to the Lessor at such times as the Lessee surrenders possession. Provided, however, that any museum exhibits shall not, for the purpose of this paragraph, be considered as fixtures, alterations and improvements.

11. The Lessee covenants to indemnify and save harmless the Lessor against any and all claims arising from the alteration, maintenance, occupation or use of the premises and from any and all claims arising from the conduct and operation of a public museum upon the premises. In the event any action or proceeding is brought against the Lessor, by reason of any such claim the Lessee, on notice in writing from the Lessor, shall resist or defend such action or proceeding at its own expense. It is expressly understood that by these terms, neither of the parties hereto waives any immunities now or hereafter afforded the parties by operation of law.

12. The Lessee shall at all times keep and pay for a policy of insurance on said premises against fire and other casualty losses. The initial amount of said insurance policy shall be \$760,000.00 and, as depreciation in the value of the premises may dictate, may be adjusted downward from time to time by mutual agreement of the Lessor and the Lessee. The proceeds of said insurance policy shall be payable to the Lessor and shall serve as full satisfaction of any claim or obligation which the Lessee may owe the Lessor under the terms of this lease as a result of casualty losses. Upon demand, the Lessee shall furnish the Lessor a copy or copies of such insurance policies.

13. Lessee shall pay for all expenses of maintaining said building, including all expenses of heating, air conditioning, electricity, water, gas and all other utilities.

14. In keeping with primary purpose of this lease, the Lessor shall at all times, cooperate with the Lessee, wherever possible, to assist in promoting attendance at, and interest by the citizens in the State Museum.

15. If the premises or any part thereof, or any part of the improvements of which they form a part shall be needed for street or public purposes and uses, or shall during the continuance of this lease be destroyed by the action of public authorities, then each of the parties hereto may recover and retain as its own, damages for the value of its respective interests.

Now, pursuant to ordinances and resolutions duly enacted,

WITNESS our hands and seals this 17th day of June, 1963.
