By Mr. Grosvenor-Petition:

Indianapolis, July 3, 1865.

To the Mayor and Common Council of the City of Indianapolis:

Gentlemen:—Your petitioners, Dennis Redmond and Arthur Sullivan, respectfully represent that the statements contained in the communication of one McCoy, so far as the same charges petitioners with any improper conduct, is wholly untrue.

For a statement of the facts, petitioners respectfully refer to the affidavits of John Blizzard and Sergeant A. B. Ferguson, which accompany this peti-

tion.

Petitioners state that they never asked, received, or demanded of the said McCoy any money whatever, except as stated in the affidavit of John Blizzard, the jailer, and that they went with McCoy to get the fifteen dollars, mentioned in said affidavit, upon the suggestion of the said John Blizzard, and that they neither asked or received pay or reward from said McCoy.

Petitioners respectfully ask that said affidavits may be read in open session of your honorable body, that all charges against petitioners may be dismissed,

and that the petitioners be no further held to answer thereto.

ARTHUR SULLIVAN, DENNIS REDMOND.

STATE OF INDIANA, COUNTY OF MARION. SCT.

Dennis Redmond and Arthur Sullivan, being duly sworn upon oath say, that the statements contained in the foregoing petition are true.

DENNIS REDMOND, ARTHUR SULLIVAN.

Subscribed and sworn to before me this 3d day of July, 1865.

Byron K. Elliott, Notary Public.

STATE OF INDIANA, SCT.

Aurora P. Ferguson being duly sworn upon his oath, says: That on the night that Dennis Redmond and Arthur Sullivan arrested McCoy (the man who preferred charges against Sullivan and Redmond), he was on duty as Sergeant of the Provost Guard at the Union Depot in this city; that between eight and nine o'clock, a man came to the Guard room and wanted Guards to arrest some one, who, he alleged, had stolen some money from a soldier, and who was at some hotel. I refused the Guards, as I had no power to let him have them. Afterwards I saw this man, whom I'do not know, with McCoy, both seeming much excited, and under the influence of liquor; said they had not found the man, and had been through the Lafayette train. then passed them, going out of the Depot. I entered Depot at west side, and saw McCoy and this other man; they had arrested two men, and said they were deserters. These two men, when I came up, appealed to me, showed me their discharges, which were regular and legal. I told them to release the two men. McCoy and the other man then went into the Peru train; a few minutes afterwards I saw them coming out of the train with another man whom they had arrested as a deserter. This man also had a discharge. They wanted me to send this man to the Guard House, and I refused to do so. McCoy and this man then went through the Jeffersonville train, and I saw them after that several times walking rapidly through the Depot. A few minutes after I heard firing, and Mr. Sullivan came in and said McCoy was firing in the Depot, and for me to arrest him. I went and saw McCoy; asked him what he was firing at, and he said at a deserter. I wanted to know where the man went to, and McCoy said he ran off; asked him what authority he had to shoot; said he was acting under authority of other man. Sullivan said I had better arrest the men, as it was dangerous for them to be in the community. I said in answer that they were not soldiers but citizens, and he had better arrest them, and he did so.

AURORA B. FERGUSON.

Sobscribed and sworn to before me this 1st day of July, 1865.

Byron K. Elliott, Notary Public.

STATE OF INDIANA, SCT.

John Blizzard being duly sworn upon his cath says: That he is the jailer of Marion county; that a man by the name of McCoy was brought to the jail by Bennis Redmond and Arthur Sullivan, having been arrested on a charge of shooting in public. McCoy, after he was delivered to me, said he did not want to go in the jail, and asked me what he could do. I told him if he would leave fifteen dollars as bail, he could go. He said he had not got the money, but had some friends in town and could get it from them. He asked me if one of the men who brought him could not go with him and I told him they could if they saw preper, They consented to go; were gone a short time, and Mr. Sullivan brought the money back to me and I gave it to the Marshal the next morning.

JOHN W. BLIZZARD.

Subscribed and sworn to before me this 3d day of July, 1865.

Which, on motion of Mr. Brown, was referred to Committee on Police.

By Mr. Coburn, from the Board of Public Improvements:

Office Board Public Improvements, Indianapolis, July 3, 1865.

To the Mayor and Common Council of the City of Indianapolis:

1. The Board to whom was referred sundry bids and proposals for public works, have examined the same, and find that

a. For erecting lamp posts on Delaware street, between South and McCarty streets, Messrs. Coulter & White are the best bidders—at \$44.75 for each galvanized lamp and post; \$45.00 for each cast iron lamp and post.

b. For erecting lamp posts on Meridian street, between Pogue's Run and McCarty street, Messrs. Coulter & White are the best bidders—at \$44.75 for each galvanized lamp and post: \$45.00 for each cast iron lamp and post.

c. For grading and paving with brick the east sidewalk on Illinois street, between Market and North street, C. E. Whitsit is the best bidder at 73 cts. per superficial yard.

d. For the re-building of the culvert and bridge over Pogue's Run at the intersection of Washington and Noble streets, Frederick Richter is the best hidder—at the following prices:

bidder—at the following prices:
For excavation, per cubic yard, 75 cents.
For mudsills, per lineal foot, 15 cents.

For plank flooring on the mudsills, per 100 feet, board measure, \$2.75.

For laying stone on the ground, per cubic yard, \$4.50.

For furnishing and laying stone, per cubic yard \$7.50.

e. For the grading and graveling of North street, between Alabama street and East street, Cornelius Shea and Co. are the only bidders—at 52 cents per cubic yard for grading; \$1.78 per cubic yard for graveling.

And we recommend that all said contracts be awarded to said bidders, and that the Engineer be instructed to enter into contracts, and that he contract

for galvanized lamps and posts on Meridian street.

2. In reference to the petition of Otto Ph. Volmer, for the grading and graveling St. Clair street, and for indemnifying him for damages sustained by him in consequence of said street not having been graded before, the Board report that the Council have already passed the ordinance for grading and graveling St. Clair street, in front and adjoining the petitioner's residence, and that, in their opinion, no damages ought to be or can be allowed to the petitioner.

3. In relation to the petition of Orion Thornley, for permission to build a frame building within the limits prohibited by the ordinance, the Board respectfully report that, in their opinion, it is neither competent nor expedient for the Common Council to grant privileges in violation of ordinances, or to amend the ordinance on fire limits for the accommodation of a single

individual.

4. Concerning the report of the Committee on Bridges referred to them, the Board report that the Street Commissioner is now engaged under their orders, in repairing and covering the whole width of the canal bridge at the intersection of Washington and Missouri streets; and that said officer will, as soon as he has finished said work, take up the repairs of the canal bridges across Market and North streets. The covering of the bridge across Pogue's Run on Pennsylvania street, in its whole width, the Board would recommend, to be deferred until the price of lumber comes farther down and the condition of the City finances has improved. The middle of said bridge has been placed in good repair by said officer.

5. With reference to other calls upon the Street Commissioner, we report: We have instructed said officer to fill the space around the cistern on the

corner of Blackford and North streets with cinders and gravel.

Also, to fill the mudholes on Ohio street, between Delaware and East street.

Also, the mudholes on the southern end of Delaware street.

In reference to the resolution calling for the repair of North Illinois and North New Jersey streets, by the Street Commissioner, we would report that the condition of said streets requires their entire rebuilding, either by bowldering or graveling, which ought to be done by ordinance, at the property holders' expense.

6. In compliance with a resolution passed, we herewith report for confirmation the names of James W. Brown and Frederick Stein, to act in conjunction with the City Engineer, as a Board for the establishment of the cheapest and best mode of draining such portions of the city which are now

deficient in drainage.

7. The petitition of D. S. Beaty and others, in reference to draining part of out-lots 100 and 101, we recommedd to lay on the table until said Board

of Engineers can report upon the subject matter of said petition.

8. As Washington street, between Pogue's Run and the east Corporation line, of which complaint is made in the memorial of the Central Plank Road Company, is indeed in an impassible condition; and as the season has progressed too far to have said street bouldered, we recommend the following resolution.

Resolved, That the Civil Engineer is hereby directed to re-advertise by ten days notice in the Indianapolis Daily Journal and by posting notices in at least five of the most public places of the city, for sealed proposals for the grading and graveling of Washington street (exclusive of the sidewalks), between Pogue's Run and the Corporation line, east, in accordance to the provisions of an ordinance passed October 3d, 1864, said proposals to be

received at the meeting of the Common Council to be held on the 25th day of July, 1865.

All of which is respectfully submitted.

H. COBURN,
AD. SEIDENSTICKER,

Board.

The question being, on the passage of the resolution directing the Engineer to re-advertise for proposals for the grading and graveling of Washington street, between Pogues Run, and the corporation line east, those who voted in the affirmative were Councilmen Allen, Boaz, Brown, Coburn, Colley, Emerson, Glazier, Grosvenor, Jameson, Kappes, Loomis, Seidensticker, Staub and Thompson—14. Noes, none.

So the resolution was passed.

On motion of Mr. Brown, so much of the report as relates to the bids for public works was concurred in, and the contracts awarded as recommended; and the Engineer was instructed to contract for galvanized iron lamps.

Mr. Brown moved to recommit that portion of the report referring to Pennsylvania street bridge, with instructions that the Street Commissioner be directed to cover the whole width of the street, including sidewalks, with plank, and to present the bill for one-half of such work to the President of the Union Railway Company and collect the same.

Which motion was adopted.

On motion, the appointment of Messrs. Brown, Wilson and Stein was referred back to the Board.

On motion, the balance of the report was concurred in.
