### PROCEEDINGS

OF THE .

# COMMON COUNCIL.

### SPECIAL SESSION

CHAMBER OF THE COMMON COUNCIL OF THE CITY OF INDIANAPOLIS,
WEDNESDAY, MAY 8, 1867, 7½ 0'CLOCK, P. M.

The Common Council met in special session.

Present—His Honor, the Mayor, John Caven, in the chair, and the following members:

Councilmen Allen, Brown, Coburn, Colley, Emerson, Glazier, Jameson, Kappes, Loomis, MacArthur, McNabb, Schmidt, Seidensticker and Staub—14.

Absent—Councilmen Fletcher, Grosvenor, Kemker and Thompson—4.

Mr. Emerson presented the following petition:

Indianapolis, May 8, 1867.

To the Mayor and Common Council of the City of Indianapolis:

Gentlemen:—My claim against J. H. Robison, for work done on South Mississippi street, has been satisfactorily arranged, and I wish to withdraw my objections to your allowing him his estimate.

Respectfully yours, &c., ZEPH HOLLINGSWORTH.

Which was granted.

Mr. Emerson, also, presented the following petition:

INDIANAPOLIS, May 8, 1867.

To the Mayor and Common Council of the City of Indianapolis:

Gentlemen:—My claim against J. H. Robinson for work done upon South Mississippi street, has been satisfactorily arranged, and I will withdraw my objection to your allowing him his estimate.

Respectfully, WILLIAM COURTNEY.

Which was granted.

Mr. MacArthur presented the following petition:

Indianapolis, May 8, 1867.

To the Mayor and Common Council of the City of Indianapolis:

The undersigned respectfully petition your honorable body for the privilege to grade and gravel the alley running east and west on North Mississippi street, between Pratt and First streets, in the Fourth Ward, and that the Engineer be instructed to set the proper grade stakes.

WILLIAM HILKENBAUGH,
—— EVANS.

Which was granted.

Mr. McNabb presented the following petition:

Indianapolis, May 8, 1867.

To the Mayor and Common Council of the City of Indianapolis:

GENTLEMEN:-Your petitioners are largely engaged in the manufacturing of hubs, spokes, felloes, wheels, &c., and to facilitate the increase of their business, have erected two buildings, in both of which they have machinery propelled by steam power. These buildings front upon Illinois street, and are located, one on the north, and the other upon the south side of Garden street, and are immediately opposite each other. In the manufactory of wheels, &c., it becomes an absolute necessity to carry them to and from the upper stories of these buildings, making it very costly and quite an unsatisfactory expenditure, which can be almost entirely obviated by throwing an arched foot-way over Garden street, at the height of seventeen feet from the ground, thus connecting the two buildings together by said bridge, and enabling us to carry from one to the other the different articles we may have to convey to the different departments. We would ask of your honorable body an authorized permission to erect a good and substantial bridge, to be placed at the height of seventeen feet, which will be several feet above the highest loads of hay or any other material transported upon wagons or carriages. We propose to build it every way safe and substantial, both as to security of all who may pass under it, and, also, of all who shall have occasion to pass over it. We propose to have it used for only such weights as men can readily carry over the railing to be of the substantial and necessary height, also, the structure of good material, to have it meet the full demands of safety.

We ask of your honorable body the permit at your hand, and for you we shall ever pray. OSGOOD, SMITH & CO.

Which was referred to the Committee on Streets and Alleys.

#### REPORTS FROM BOARDS.

Mr. Coburn, from the Board of Public Improvements, made the following report:

Office Board of Public Improvements, Indianapolis, May 8, 1867.

To the Mayor and Common Council of the City of Indianapolis:

Gentlemen:—The Board of Public Improvements, to whom the matter was referred, would respectfully report to your honorable body that they have bids submitted for the stone crossing on Ohio street and Indiana Avenue with Illinois street, and find that it will cost \$150 to make the crossings, and as neither of the streets are bowldered, we are of the opinion that it would be very difficult to keep it in good repair, and would be more of a detriment to teams than benefit to footmen. We find the crossing in as good condition as ordinary crossings, and would recommend, (as we have always done heretofore,) that no stone crossings be made on any street until it is bowldered.

HENRY COBURN, Pres't Board.

Which was concurred in.

Mr. Coburn, from the Board of Public Improvements, made the following report:

Office Board of Public Improvements, \ Indianapolis, May 1, 1867.

To the Mayor and Common Council of the City of Indianapolis:

Gentlemen:—The Board of Public Improvements would respectfully report to your honorable body, that in accordance with petitions from property owners, they herewith introduce ordinances for the following improvements:

Grade and gravel McCarty street, between Illinois and Tennessee streets. Also, bowlder Pennsylvania street, between Michigan and North streets.

HENRY COBURN, JNO. B. MACARTHUR, Board.

Which was received.

Aso, special ordinance No. 24-1867, entitled:

An Ordinance to provide for grading and bowldering the street, and curb with stone the outer edge of the sidewalks of Pennsylvania street, between Michigan and North streets.

Which was read the first time by its title, and passed to a second reading.

Also, special ordinance No. 25-1867, entitled:

An Ordinance to provide for grading and graveling McCarty street and sidewalks, between Illinois and Tennessee streets,

Which was read the first time by its title, and passed to a second reading.

Mr. Coburn, from the Board of Public Improvements, made the following report:

Office Board of Public Improvements, Indianapolis, May 1, 1867.

To the Mayor and Common Council of the City of Indianapolis:

Gentlemen:—The Board of Public Improvements, to whom the matter was referred, would respectfully report to your honorable body that seven hundred and twenty-four feet of the property remonstrate against the improvement of South street, between Alabama and New Jersey streets. We are of the opinion that unless there is a great necessity for the improvement of this street, that it be postponed for the present season.

HENRY COBURN, JNO. B. MACARTHUR, Board.

Which was not concurred in.

#### REPORTS FROM COMMITTEES.

Mr. Colley, from the Judiciary Committee, made the following report:

Indianapolis, May 8, 1867.

To the Mayor and Common Council of the City of Indianapolis:

Your committee, to whom was referred the petition and pending ordinance on the subject of planing mills, have considered the subject, and would respectfully report as follows:

- 1st. That in the opinion of your committee the City Council has no power to prevent the erection of the particular planing mill especially referred to, situated on North Delaware street, but believe that the remedy of the petitioners would and does rightfully belong to the courts alone to determine.
- 2d. Your committee express no opinion as to whether the Council ought to pass an ordinance prohibiting the erection of such manufactories and suspending those already erected, or not, but leave that question to be determined by your honorable body in the exercise of your sound judgments.

All of which is respectfully submitted.

S. A. COLLEY,
W. H. LOOMIS,
AD. SEIDENSTICKER,

Which was concurred in.

#### ORDINANCES ON SECOND READING.
