

INDEX

	PAGE
A.	
Acute Poliomyelitis. Chas. A. Brehens.....	302
Address of the President. Andrew J. Bigney.....	52
An Aecium on Red Clover. Geo. N. Hoffer.....	325
Additions to the List of Plant Diseases of Economic Importance in Indiana. Geo. A. Osner.....	327
Appropriation for 1916-1917.....	8
Andrews, F. M. Cloisterium Moniliferum.....	323
B.	
By Laws of Indiana Academy of Science.....	7
Bird Censuses. M. L. Fisher.....	467
Bigney, Andrew J. Address of the President.....	52
Blanchard, Wm. M. John Price Durbin John—An Appreciation.....	76
Blatchley, W. S. A Century of Geology in Indiana.....	89
Bliss, Geo. S. Indiana's Feeble Minded.....	186
Bennett, L. F. The Sand Dune Region as a National Park.....	261
Behrens, Chas. A. The Cultivation of Trypanosoma Brucei.....	264
Behrens, Chas. A. Acute Poliomyelitis.....	302
Butler, Amos W. Further Notes on Indiana Birds.....	456
C.	
Constitution of the Indiana Academy of Science.....	5
A Century of Geology in Indiana. W. S. Blatchley.....	89
A Century of Zoology in Indiana. Barton W. Evermann.....	189
A Century of Botany in Indiana. John M. Coulter.....	236
The Cultivation of Trypanosoma Brucei. Chas A. Behrens.....	264
The Cultivation of the Trypanosomes in Vivo. H. C. Travelbee.....	312
Cloisterium Moniliferum. F. M. Andrews.....	323
Chief Moses Day Daybway-Waindung. Albert B. Reagan.....	519
Carr, R. H. Rate of Humification of Green Manure.....	398
Conner, S. D. Indiana's Soils Containing an Excess of Soluble Salts...	403
Clark, Howard W. The Turtles and Batrachians of the Lake Maxinkuckee Region.....	472
Coulter, John M. A Century of Botany in Indiana.....	236

D.

David Worth Dennis—An Appreciation. Allen D. Hole.....	62
David Worth Dennis—An Appreciation. Alden H. Hadley.....	69
Development of Chemical Science in Indiana. J. H. Ransom.....	389
The Description and Stratigraphic Relationships of the Fossil Plants From the Lower Pennsylvanian Rocks of Indiana. T. F. Jackson..	405
Dantzig, Tobias. On Poincare Transformation.....	440
Deam, Chas. Plants New or Rare to Indiana.....	315

E.

The Effect of Hydrogen Peroxide in Preventing the Smut of Wheat and Oats. F. J. Pipal.....	378
The Ethyl Sulphuric Acid Reaction. P. N. Evans.....	384
The Electromotive Force Measurements of the System. N. E. Loomis.	387
The Early History of Chemistry in Indiana. H. W. Wiley.....	178
Evermann, Barton Warren. The Turtles and Batrachians of the Lake Maxinkuckee Region.....	472
Evermann, Barton Warren. A Century of Zoology in Indiana.....	189
Evans, P. N. The Ethyl Sulphuric Acid Reaction.....	384

F.

Further Notes on Indiana Birds. Amos W. Butler	456
Field Notes on the Distribution and the Life Habits of the Tiger Beetles (Cicindelidae) of Indiana. Wm. M. Goldsmith.....	447
Fisher, M. L. Bird Censuses.....	467
Fisher, M. L. The Time Birds Get Up in the Morning.....	470
Francis Marion Webster. James Troop.....	81

G.

Goldsmith, Wm. M. Field Notes on the Distribution and the Life Habits of the Tiger Beetles (Cicindelae) of Indiana.....	447
--	-----

H.

Hunting Wild Birds—Penalty.....	9
Hole, Allen D. David Worth Dennis.....	62
Hadley, Alden H. David Worth Dennis.....	69
Hoffer, Geo. N. An Aecium on Red Clover.....	325
Hurty, J. N. Review of Public Health Work in Indiana.....	225

I.

Indiana's Soil Containing an Excess of Soluble Salts. S. D. Conner....	403
Indiana's Feeble Minded. Geo. S. Bliss.....	186

J.

John Price Durbin John. Wm. Blanchard.....	76
Jackson, T. P. Fossil Plants from the Lower Pennsylvanian Rocks of Indiana.....	405

L.

A List of Indiana Ants. Wm. M. Wheeler.....	460
Loomis, N. Edward. Electromotive Force of the System.....	387
Lindley, E. H. Mental Hygiene.....	83

M.

Mental Hygiene—Retrospect and Prospect. E. H. Lindley.....	83
Members of the Indiana Academy of Science.....	13
Active.....	20
Fellows.....	13
Non-Resident Members and Fellows.....	17
Minutes of the Spring Meeting.....	35
Minutes of the Executive Committee.....	37

N.

Noyes, H. A. A Technic for the Bacteriologic Examination of Soils....	272
---	-----

O.

On the Poincare Transformation. Tobias Dantzig.....	440
Officers of the Indiana Academy of Science.....	10
Osner, Geo. A. Additions to the Lists of Plant Diseases.....	327

P.

Plants New or Rare to Indiana. Chas. C. Deam.....	315
Program of the Thirty-second Annual Meeting.....	47
Pipal, F. J. Weed Seeds in the Soil.....	368
Pipal, F. J. The Effect of Hydrogen Peroxide in Preventing Smut of Wheat and Oats.....	378

R.

A Remarkable Case of Fasciation in <i>Oenothera Biennis</i> . Paul Weather- wax.....	363
Rusts of Hamilton and Marion Counties, Indiana. Guy W. Wilson....	382
Review of Public Health Work in Indiana. J. N. Hurty.....	225
Rate of Humification of Green Manure. R. H. Carr.....	398
Rice, Thurman B. Relations Between Plant Growth and Combined Nitrogen in Winona Lake.....	333
Reagan, Albert B. Chief Moses Day Daybway-Waindung.....	579
Ransom, J. H. Development of Chemical Science in Indiana.....	389

S.

The Sand Dune Region as a National Park. L. F. Bennett.....	261
A Study of the Relations Between Plant Growth and Combined Nitro- gen in Winona Lake. Thurman B. Rice.....	333

T.

The Time Birds Get Up in the Morning. M. L. Fisher.....	470
The Turtles and Batrachians of the Lake Maxinkuckee Region. B. W. Evermann and H. W. Clark.....	472
A Technic for the Bacteriologic Examination of Soils. H. A. Noyes and Edwin Voight.....	272
Travelbee, H. C. The Cultivation of the Trypanosomes in Vivo.....	312
Troop, James. Francis Marion Webster.....	81

V.

A Variation in <i>Plantago Lanceolata</i> . Paul Weatherwax.....	365
Voight, Edwin. A Technic for the Bacteriologic Examination of Soils...	272

W.

Weed Seeds in the Soil. F. J. Pipal.....	368
What Might Have Been. C. A. Waldo.....	445
Waldo, C. A. What Might Have Been.....	445
Wheeler, William Morton. A List of Indiana Ants.....	460
Wiley, H. W. Early History of Chemistry in Indiana.....	178
Weatherwax, Paul. A Variation in <i>Plantago Lanceolata</i>	365
Weatherwax, Paul. A Remarkable Case of Fasciation.....	362
Wilson, Guy West. Rusts of Hamilton and Marion Counties, Indiana.	383
