Auspos, Lawrence A., 310 E. Pokagon, South Bend	C
Bajza, Charles C., 624 East Eighth, Bloomington	G
Barnes, William B., Room 10, State House Annex, Indianapolis	Bo, Z
Bell, Ernest P., 306 E. Pokagon St., South Bend	C
Billhartz, Dr. William H., Franklin College, Franklin	Ph
Bonner, William Austin, Purdue University, West Lafayette	C
Boyle, Dr. Andrew Joseph, University of Notre Dame, Notre Dame	C
Bucklew, John, Jr., Indiana University, Bloomington	Ps
Campbell, Mr. C. Alfred, New Augusta	
Cohee, Dr. George V., Department of Conservation, Indianapolis	G
Creditor, Morton C., Stanley Coulter Hall, Purdue University, West Lafayette	Ba
Curran, Brother Columba, Chemistry Hall, University of Notre Dame, Notre Dame	C
Favinger, John J., 236 Madison Avenue, Greenwood	Z
Hagan, Dr. Wallace W., 415 State Library Bldg., Indianapolis	G
Hayek, Mason, 423 East Sixth St., Bloomington	C
Helbing, Clarence H., University of Notre Dame, Notre Dame	C
Herre, Dr. Albert W. C. T., Natural History Museum, Stanford University, Stanford University, California	Bo, Z
Hobson, Robert L., Div. Educational Reference, Purdue University, West Lafayette	Ps
Hood, Dr. G. Raymond, 711 Oak St., Oxford, Ohio	C
Karler, Arthur, 325 East Tenth St., Mishawaka	C
Keller, C. O., St. Peters Lutheran School, Indianapolis	B
Kerr, Dr. Willard, Personnel Research, RCA, 501 North LaSalle St., Indianapolis	Ps
Knox, Miss Margaret R., 709 Inland Building, Indianapolis	Z
Lauterbach, W. W., 415 LaMonte Terrace, South Bend	Bo, Z
Lieb, David J., 823 North St. Louis Blvd., South Bend	C
McClure, Prof. Standleigh M., Indiana Central College, Indianapolis	G, C
McCusker, Dr. Patrick A., University of Notre Dame, Notre Dame	C
McDermott, John P., 306 E. Pokagon St., South Bend	C
McMenamin, Joseph P., 203 Bloomington St., Greencastle	Bo
Marczynski, Brother Raphael, University of Notre Dame, Notre Dame	Bo
Marnon, Donald E., 406 E. Peashway, South Bend	C
Martin, Beckham, Indiana Central College, Indianapolis	Ph
Mitchell, Avard M., 232 Littleton, West Lafayette	C
Mizelle, Dr. John D., 1321 Vassar Ave., South Bend	Bo, Z
Neumann, Prof. George K., Indiana University, Bloomington	A, Z
Noland, Jerre L., 125 S. W. Cary Hall, West Lafayette	C
Phelps, Willard B., DePauw University, Greencastle	G
Pronko, Nicholas H., Indiana University, Bloomington	Ps

Reich, Miss Marylynn L., 301 E. Monroe St., Franklin	Bo, Z
Ritchie, Dr. Earland, Taylor University, Upland	Ph
Scott, Frances I., 1500 E. Michigan, Indianapolis	C
Scott, Richard A., LaGrange	G
Seitner, Philip G., 401 N. Salisbury St., West Lafayette	Bo, Z
Shriner, Dr. Ralph L., Indiana University, Bloomington	C
Slanina, Dr. Stephen J., 511 West Broad St., Angola	C
Tomick, Edward J., Jr., 3611 East Blvd., Cleveland, Ohio	C
Waldon, Dr. Curtis H., School of Pharmacy, Purdue University, West Lafayette	C
Zufall, Dr. C. J., School of Pharmacy, Purdue University, West Lafayette	Bo
Technical Chemistry Club, 1500 E. Michigan, Indianapolis	

INDEX

- Academy trustee, Report of, x.
 Agglutination tests, 30.
 Aliphatic nitro compounds, 119.
 American Council psychological examination, 180.
 Amstutz, N. S., Civilian defense geography, 140.
 Ants of Indiana, 203.
 Arthur, Joseph Charles, 1.
 Assay for menthone in oil of peppermint, 111.
 Auditing committee, Report of, vi.

 Bacteriology, Section on, 27-33.
 Baldinger, Lawrence H., Assay of menthone in oil of peppermint, 111.
 Benninghoff, William S., Preliminary report on a coal ball flora, 62.
 Berkey woods, a remnant of the forest primeval, 34.
 Binkley, W. W., Silver amidosulfonate and alkyl iodides, 122.
 Biological survey committee, vi; report of, xi.
 Bonding committee, xi.
 Botany abstracts, 34.
 —section on, 34-109.
 Broderick, Howard, Preparation of telluric acid, 114.
 Bryophytes of Indiana, 52.
 Budget committee, vi.
 Buckley, Wallace T., Indiana's Petroleum supply, 140.

 Cable, R. M., Indian rat flea, 201.
 Campbell, Alfred C., Contribution of an Indiana Manufacturing plant to the war effort, 21.
 Campbell, K. N., Modern aspects of the Dumas method, 110.
 Chemistry abstracts, 110.
 —Section on, 110-139.
 Civilian defense geography, 140.
 Climates of yesterday, 140.
 Coal ball flora, 62.
 Cohee, George V., Use of electrical logs, 163.
Collybia volutipes, 35.
 Color inheritance in hybrid freesias, 45.
 Conklin, Edmund Smith, 3.
 Contents, Table of, iii.
 Contributions of an Indiana manufacturing plant to the war effort, 21.
Cuscuta obtusiflora, 82.

 Deay, H. O., Mosquito repellents, 192.
 Degering, Ed. F., Relative electronegativity, 135.
 —Silver amidosulfonate and alkyl iodides, 122.
 —Utilization of aliphatic nitro compounds, 119.
 Distribution of two species of *Le-mananea*, 69.
 Divisional chairmen 1942, v; 1943, xv.
 Drouths in Indiana, 169.
 Dumas method for determination of nitrogen, 110.

 Editor and publication of Proceedings, xi.
 Effect of different sources of nitrogen on phosphorus deficiency in tomato plants, 35.
 Electrical earth resistivity surveys, 166.
 Electrical logs in subsurface studies, 163.
 Electron micrographs, 27.
 Electronegativity, 135.
 Elving, Philip J., Determination of fluorine, 128.
 Esterification, 125.
Euplotes patella, 187.
 Executive committee, v.

 Fifty-year index, xii.
 Fluorine in organic compounds, 128.
 Freesias, 45.
 Friesner, Ray C., Ecological survey, 34.
 —Some aspects of tree growth, 36.
 Forney, Robert., Preparation of telluric acid, 114.

 General session, xv.
 Geographical regionalism, 140.
 Geology and Geography abstracts, 140.
 —Section on, 140-186.
 Growth studies of fish, 187.
 Guard, A. T., Development of the seed of the tulip tree, 34.

 Hagan, Wallace W., Electrical earth resistivity surveys, 166.
 Harrison County, 149.
 Headlee, William Hugh, Intestinal parasite infections, 196.
 Hendricks County, Pollen profile from sediments in, 83.
 Hendrickson, Walter B., David Dale Owen, Man and Scientist, ix.
