

use this three-step method to bring
your research up to the week

1

**KEY NUMBER
DIGEST**

Start with your West Key Number Digest. After checking both the bound volume and its pocket part, you will have a Key Number classifying your cases in point.

2

**DIGEST
INTERIM
PAMPHLET**

Check the Digest Interim Pamphlet. Using the same Key Number, you will know if any case has been decided since the most recent pocket parts.

3

**REPORTER
ADVANCE
SHEET**

Check your West Key Number Reporter and the weekly advance sheet. Still using the same Key Number, you are able to locate the most current cases on point.

Bring your research up to the week with West's Key Number System. Let us give you more details. Write today.

Cases and Materials on **TORTS** and Related Law

By Dix W. Noel and Jerry J. Phillips

Combines the best of traditional and modern tort law in a very teachable format.

- Presents tort law in relation to other customary categories of law
- Treats traditional tort concepts of strict liability, negligence, no-fault, intentional torts, causation and foreseeability
- Examines modern use of tort law as an instrument to achieve economic justice
- Includes substantially all landmark tort cases
- Follows a compact and practical framework
